

Legislature's of the Transportation Committee,

Please represent our interests.

As a CT taxpayer living two miles from the border of NY and CT, I oppose the border toll for residents in either NY or CT.

Tolling area commuters who cross this border two or more times a day this is an extreme taxation and violation. It also offers huge congestion issues for morning and evening commuters who drive to work or drive to the train station to ride down to work.

Sincerely,

Thomas A. Burns  
Danbury, CT 06811
