

Dear Senator Maynard,

It has come to our attention that Senator Flexer, along with Representatives Orange and Johnson, have introduced SB 487 "AAC Transportation of Adult Students in Transitional Programs," which will be heard at a Public Hearing on Monday, February 9th at 10:30a.m. in Room 2E at the Legislative Office Building.

The Arc Quinebaug Valley, Inc. is in support of this bill. A letter is in the mail to you outlining our concerns with the current regulations as they now stand. We urge you to **SUPPORT** this bill so that individuals in our programs can transition into employment in the same manner as typical students.

Thank you for your time and support of this critical issue.

Susan Desrosiers
Executive Director
