

To Whom it may concern:

I just wanted to send my support for this new bill to support biking in CT. My husband and I are recreational bicyclists and travel all over the country. The State of Colorado has some of the most beautiful bike trails and is a strong supporter of biking. We feel CT can do so much more to support bike/walkable communities.

Please support more bills in favor of these types of transportation and infrastructure in all 169 communities in the State.

Thank you.
