

Dear Transportation Committee,

Thank you for the opportunity to express my complete **opposition to the Border Tolls House Bill 6818**.

I love my state of CT, and my spouse and I would like to stay here in retirement if we can possibly afford to do so. The high cost of living and heavy tax burden is making it increasingly difficult to live in the wonderful state of CT on a fixed income. Border Tolls would be yet one more expense, as I live in Enfield and travel 2 to 3 times/week to MA to visit friends.

Thank you again for your time.
