

To whom it may concern,

My name is Jason Shell, I am submitting this letter in strong support for the continuance of this great Fatherhood Program through Madonna Place. It LITERALLY helped save my family life and my relationship with my lovely girlfriend. We have a beautiful 21 month year old son and God willing may be blessed with more in the future. The tools and experienced advice, along with the comraderie and bonding among even strangers showed me how effective this program is because we all benefited no matter what our situation or walk of life. I'm a changed man, a better man, and so were my fellow peers. In this deteriating society plagued with domestic problems, we need these programs to help all Fathers stay on track and keep their children on track and show that much deserved love and respect to those hard working Mothers. Our children are our Future, and the numbers don't lie, children are more likely to stay out of trouble and out of jail and be successful when they have Strong Supportive Fathers in their life, so these programs need to continue. I currently drive school bus, so I pick up children every day. Now I fully see how if that troubled soul in Newtown Connecticut had a father figure in his life, maybe that tragedy could have been prevented. So I implore to whom ever it may concern, to do whatever it takes to keep these programs going, because regardless of any cost involved, the reward of happy loving families in our communities is PRICELESS. Thank you for your time and consideration.
