

I have recently read an article about Gov. Daniel Malloy's proposed budget, that will reduce the personal needs allowance of residents of long-term care facilities, from the current \$60.00 per month to \$50.00 per month.

I am very much opposed to this reduction, these people desperately need this small amount that they are allowed monthly.

**DO NOT MAKE THIS CUT, PLEASE.**

Sincerely,

Thomas and Barbara Pfnausch
