

Dear Members of the Health and Human Services Committee,

I am writing today on behalf of Southeastern CT non-profits. We have been cut more than we can take already, and our income in Southeast is already much lower than the rest of the state. With no increases through time in donations and state funding, we are left with little ability to serve as the safety net for our communities anymore. My name is Susan Corrice, and I vote. The people who need health and human services and direct support professionals need your help now. Stop the cuts to nonprofits please! We are over 10% of the local economy. If we fail, so does CT.

Thank you for your time and support.

Sincerely,

Susan Corrice

Financial Director of Riverfront Children's Center
