Stacey Sorrells

CTFSA

PLEASE RESTORE SAFETY NET SERVICES

To whom it may concern,

I, Stacey Sorrells, have been a member of the Safety Net program since last year September. When I first moved into my apartment this program helped me with household necessities such as washcloths, towels, sheet sets, pot sets, dish sets, and other things I needed. Safety Net also helps me monthly with my rent and other utilities that I need to maintain my apartment. This program has also allowed me to give my children a wonderful Christmas by providing gifts for me. Without Safety Net, I don't know how I would pay for my apartment or the things they gave me. Please continue this program as it not only helps me but a lot of other people.

Yours Truly,
Stacey Sorrells
