

Hello, my name is Eliza Vargas. I am a TOP student at Barnard Environment Magnet School in New Haven. My zip code is 06511 and I live in representative Rosa Delauro's district. I would like representative Delauro to support the DSS funded Teen Prevention Initiative.

The Teen Outreach Program is important to me because in tops that is the one place where i can go and be myself and have a say and not get yelled at all day by teachers it is the one place where we can have fun and learn at the same time.

Thank you for your time

Sincerely

~Eliza vargas
