

Dear member of the committee , my name is Mike G Papa. From Stamford ct . With the rebuilding of our state infrastructure system there is more than ever a need for the voice of all people of good will to contribute on this task allowing COHERENCE , COLLABORATION and CREATIVITY to take place ! The timing for a CHANGE at this time including the elimination of CT COUNCIL ON THE ENVIRONMENT it is a risk for the state taxpayers to (fall prey of manipulation )from business in need to just provide value for them selves! As elected representatives your job is (in this case ) to defend the integrity of nature for the health of future generations of people ! And control the cost at the same time !! I live in Stamford ct since 1971 , I know we need to re-build our infrastructure , There is no better time than now for DEMOCRACY TO WORK!! I suggest to listen to all people!! Please give all the PEOPLE A CHANCE!!.. Included THE CT ENVIRONMENT COUNCIL, were we ALL can voice our concerns!

Sincerely. Mike G Papa. Stamford ct. 203-252-1954.
