

Gentlemen,

I am a fisherman of long standing. I am also a Fishing instructor in the 'CARE' program for the State of Ct. I am # 023.

I have been a member of various Fly Fishing organizations and Initiated the Mill River Angler's Association many years ago when I lived in North Haven Ct.

I am now a paid member of CTRI in Groton Ct.

I urge you to continue supporting the Salmon/Trout Hatchery in Kensington Ct.

I truly believe the F & G Dept. of the State of Ct. is still an attraction to citizens considering relocating in Connecticut as it was for me sixty years ago. I'm eighty four today.

Thanks for your consideration
