To Whom It May Concern:

It saddens me to hear that the Family School Connection will be losing its budget. I have been a teacher with Norwich Public Schools for the last three years and have nothing but great things to say about this program. My first year here one of the staff members came in and personally sat down with me to explain the program and the benefits. Over the last few years, I have had numerous students enroll in the program. All of my families have made great progress on parenting skills, behavior, and being more involved in their child's education. The Family School Connection staff is amazing! They are always willing to help and go that extra mile above and beyond their job! Any time I have a question or concern about a family, FSC is always willing to help. Whenever a school conference, PPT, or function is held, FSC is always there supporting their families. It would be both a loss to me and many Norwich families if you cut the program! PLEASE consider giving funding to an extremely beneficial organization.

Thanks for your time,

Megan Black
