

March 3, 2015

Dear Representative Betts,

I am a graduate of the Parent Leadership Training Institute (PLTI) of West Central CT Class of 2011.

I am a parent of a 7 year old and 5 year that attend the elementary school in Terryville. For me, PLTI was life changing! The fundamentals of what it teaches individuals carry on through life! The twenty weeks of class gave me confidence to have the tools to become a better parent. It helped me enhance my skills as a parent leader which I use every day of my life.

In Plymouth there will be 80 graduates. This program needs to continue to help families continue to strive! It will be sad if funding disappears and PLTI no longer exists.

I strongly urge you to reinstate H.B. No 6824!

Thank-you for your consideration!
