Appropriations Committee the State of Connecticut

5 March 2015

I support State funding for Connecticut Community Libraries in the forms Of Connecticard, CLC, and Grants to Public Libraries. I also oppose the Legislation that has been introduced to repeal the statutes that authorize These programs.

I think the Governor's proposals are misguided. The termination of these services to the residents of the State of Connecticut would foster ignorance And misinformation at a time when our residents need all the support that can be made available for improved quality of life and economy in the State of Connecticut.

Sincerely,

Charles McCaughtry
