

C Car, library service centers and state grants are vitally important to all libraries, but especially to the smaller libraries.

Money in any amount small as it might be is very helpful to fund all libraries and C Car provides our patrons with any book they may want to read.

Just think of this winter when driving has been terrible, at least you can go to your local library and request books, Audio Books and DVDs to help us get through this very difficult season. C Car is important to all libraries. Please do not cut any funds for Connecticut libraries.

Sincerely,

Mary Weaver
Librarian
May Memorial Library
East Woodstock, CT
