3/5/15

I am writing in support of LPRAC's vision, mission and efforts. As a Latino citizen, I have witnessed firsthand the positive impact on the Latino and Puerto Rican Community. The LPRAC commission supported me in obtaining a High School Assistant Principal position in a Title 1 school. The commission's focus to improve the equity and treatment of the Latino and Puerto Rican community is evident as they support the bilingual education reform.

The LPRAC vision to support and educate is also evident in the amount of scholarships raised for Latino and Puerto Rican students who continue to strive to be positive citizens and role models. The continuous outreach and vision from LPRAC places the commission as a leader in the country.

I duly support the commission considering the accomplishments and the continuous support of the Latinos and Puerto Ricans in Connecticut.

Sincerely,

Joseph F. DiNatale
