Opposition to HB 6825 -- section 5

The Community Investment Act is dedicated for land acquisition, historic preservation, affordable housing, and farmland preservation. Each of these purposes serves the public interest and will be grievously harmed by the removal of \$15.2 million from the Act.

I am an active member of several environmentally-concerned groups and an active voter. These are issues I feel strongly about. I strongly oppose section 5 of the Deficiency Bill.

Sincerely yours,
