Open space and SB 946 section 29(b)

Folks

I like open space. My children like open space. My grandchildren like open space. It clears the head and builds the body.

Over the years, Connecticut has wonderfully expanded and protected significant land and water for use by its citizens.

I oppose the diversion of \$15.2 million from the Community Investment Act as proposed in HB 6825, the Governor's Deficiency Bill.

Yours respectfully

Frank
