**Subject:** Senate Bill 128

Dear State Legislators, We need to cut wasteful spending and shrink the size and scope of state government.

Bill 128 would implement the state's constitutional spending cap.

Bill 128 would prohibit any emergency or other government spending that exceeds the spending cap from being included in the calculation of the spending cap in future years.

Please support Bill 128.

Sincerely, Frank Podgwaite, North Haven.
