Sen. Linares, Art
Senate Bill 816

I am writing to voice my support for Senate bill 816. As a resident of Haddam, this is an important step in our town getting its fair share of educational funding. Our town residents have been covering a disproportionate share of the educational cost burden in our district for far too long. Other wealthier towns and cities throughout the state pay far less than Haddam for their educational funding. The state assembly needs to revise the law and provide all towns with equal (or at least proportionally fair) education subsidies. This is a nonpartisan issue that demands reform.

Please support senate bill 816.

Sincerely,

Nathan Breglio
Higganum resident & Hartford small business owner
