

I am writing to please ask you to consider raising the ECS funding for Haddam.

I am a lifetime resident of Haddam & the taxes that we have been paying since Connecticut Yankee shut down have been increasing every year & many of Haddam's residents - including myself are having a hard time keeping up with the taxes. Many of Haddam's seniors are having an exceptionally hard time - as they are in fixed incomes. It is my understanding that since Connecticut Yankee has shut down that the formula has never been adjusted for this - and obviously this has made our grand list drop dramatically.

Haddam is having a hard time to get new businesses in town - as well as selling homes & property - as our neighboring towns have a much lower mill rate - causing people to buy/open a business elsewhere.

Please - Haddam needs this funding that is long overdue.

Sincerely,
Robin Spencer Klimaszewski
