"Senate Bill 816"

I am writing to inform you of my support for Senate bill 816 as I am sure all other residents of Haddam and Higganum will. As this bill simply gives Haddam taxpayers and its public school students fair and equitable treatment I see no reason why anyone in either party would oppose it. With never ending talk by Republicans and Democrats about the importance of education and with the egregious amount of money spent on this process, it is absurd that residents of our towns have been sold short by the legislature for so long. The passage of this bill gives us no special treatment and will directly benefit those who attend Haddam public schools. I hope this bill is passed quickly and is not dismissed or ignored because of the small number of residents residing in our towns.

Sincerely,
Kevin Schweiger
52 Indian Hill Rd
Higganum, CT 06441
