

Dear Legislators,

Follow the leaders. Support HB5733 that will allow our State Treasurer to divest funds from fossil fuels. It is not only the right thing to do, it is the smart thing to do if we are going to have a sustainable earth for our children and grandchildren. Twenty five universities have already committed to fossil fuel divestment. The President of the World Bank supports it. Divestment has been a successful policy in the past. Let's use such tactics again. Let's begin now to move into the 21st century. The age of fossil fuels is over.

Sincerely,  
Dorothy Lovett Buckley
