To Whom It May Concern:

I went into this greenhouse/farmer's market and I was greeted by such polite and very helpful people. It was my first time using my WIC Checks there and they took the time to walk me through every step and show me around. They also explained to me how I can get double money for my checks. When I heard this I was so amazed since it is so costly to eat healthy and raise your child with fruits and vegetables in their diets.

This is the most amazing program that helps mother's like me be able to feed their children a healthy choice and not have to worry that I cannot afford it since they double your checks!

I just wanted to take a moment to express how I feel the program benefits us parents and our community in providing healthy choices.

Thank you!
