

COMMITTEE ON THE ENVIRONMENT  
TESTIMONY: RAISED BILL HB 6034

***AN ACT AUTHORIZING BOW AND ARROW HUNTING ON CERTAIN  
PRIVATE PROPERTIES ON SUNDAYS***

I am writing in support of HB6034.

For over 20 years, law abiding Connecticut sportsmen have been patiently and respectfully asking to hunt on Sundays. While every other antiquated blue-law has been lifted, the Sunday hunting prohibition remains.

Hard working sportsmen who work M-F are left with only one day to hunt. The same day we typically watch our kid's Soccer games, Lacrosse tournaments, and dance recitals. The animal rights zealots cite misinformation in their attempt to obfuscate the indisputable fact that bowhunting is safe, effective and humane.

It is high time this ridiculous prohibition is abolished. Please support the Sunday Hunting Bill - HB6034.

Sincerely

***Pat Lefemine***
