

Re: **SUPPORT of HB 6955**, a bill that would shut down market demand for elephant ivory and rhinoceros horns in Connecticut

Dear Co-chair Kennedy, Co-chair Albis, and Honorable Members of the Environment Committee,

Please accept this testimony in SUPPORT of HB 6955.

Poachers kill entire elephant families, including its youngest members as long as they have tusks. Elephant babies, who do not have tusks that have emerged, are left as orphans unable to fend for themselves and often die if not rescued by humans in time.

Yours truly,
