Dear Co-chair Kennedy, Co-chair Albis, and Honorable Members of the Environment Committee,

Please accept this testimony in SUPPORT SB 361 with the addition of language that would prevent gestation crates from being used in Connecticut.

Firstly, I support increasing the penalties for malicious and intentional animal cruelty, and ask that you add language to SB 361 that would prevent gestation crates from coming to Connecticut. The intensive confinement of farm animals is already here in Connecticut – chickens confined in tiny cages at KofKoff Egg Farms in eastern CT -- and I don't want to see further expansion of these types of cruel farming practices.

I am among the 91% of Connecticut voters who want a ban on gestation crates, and I will be following this matter very closely as I take this to be a very serious issue!

I also wanted to thank the introducers of the four proposed bills this year that would ban gestation crates: Sen. Moore, Rep. Hennessy, Rep. Urban, Rep. Megna, Rep. Camillo, Rep. Miller, and Rep. Baram. The proposed bills were SB 364, HB 5712, HB 5725, HB 5688 (HB 5688 included a ban on battery cages, another truly inhumane practice!). I am very disappointed that the Chairs of the Environment Committee have refused to allow any of these four bills to be granted a public hearing.

Additionally, I strongly OPPOSE Sunday hunting (HB 6034), because I want my one day of peace in the woods and because bow hunting is inhumane (high crippling rate).

Finally, I SUPPORT HB 5707, which would provide adoption opportunities for dogs and cats used in certain experiments and which would define outdoor sheltering standards for dogs.

Yours truly,
