

To the Finance, Revenue & Bonding Committee:

As a member of Bike Walk Connecticut, I support the Governor's proposals to develop and fund bike/ped friendly corridors with Emphasis on the 200 mile Connecticut section of the East Coast Greenway, the 2,900 mile Canada to Key West multi-use trail that will bring thousands of tax of dollars from the pockets of tourists.

Please look at the Return on Investment studies done by Erie Canal Folks, Portland, Delaware, etc.

Happy trails

Bill O'Neill

Conectiut Greenways Council
