

Dear Legislators,

I oppose House Bill 7054. The state does not need Keno. We have enough gambling and still run a deficit. In addition, this is not a good activity for our society. Also, there is no guaranteed revenue amount, and this will cost CT money to administer. I would prefer to see resources used to bring more businesses in to the State of Connecticut, as opposed to spending money for this program.

Thank you for your consideration.

- Anne Leclercq
