

I am opposed to House Bill 7054 which would permit "Keno" gambling in the state of CT. "Keno" is a form of gambling which preys upon the poorest members of our state. That is, those who can least afford to lose the money will be the ones that will be losing the money. This will just create greater costs for the State in the long term as it will stall any economic growth from this large section of the state population.

I urge all elected representatives to vote no to "Keno"!

Thank you.

Sincerely,

E. Roger Williams
