

I am disturbed that our legislators are once again considering allowing Keno in our state. I was against this proposal the first time it was being reviewed and I continue to oppose it.

Keno is a form of gambling which preys upon the most vulnerable in our society. Problem gambling leads to debt, bankruptcies, broken families, and crime. It is abhorrent that additional gambling, in any form, is being considered as a means of revenue for Connecticut.

I urge our legislators to vote against this bill.

Sincerely,
JoAnn Kjep
