Re: Please support HB 7054, An Act Concerning Keno

Please support HB 7054, An Act Concerning Keno. This bill is important for my business because I already do well with the Lottery in my facility. This would give my customers the ability to now also play Keno and not have to go to Massachusetts. People not having to leave the establishment to get their tickets elsewhere would also help me to give more hours to my employees. Keno would create these hours due to the extra work it would take cashing and checking tickets. Keeping people in my business would mean more revenue in sales for me which would also mean more sales tax I would pay to the state. Keno would be a win, win situation for Connecticut and for me as a business owner. Please support this Act and thank you for your time.
