

We are both very concerned about the Governor's tax proposals.

- 1) The proposed elimination of the tax free week for back to school shopping. a huge burden on family's
- 2) The proposed higher tax's for the dwindling businesses we still have in Ct. soon there won't be any left,it's no wonder company's have or consider moving out of our state.
- 3) The Tax Burden it would create for us Senior Citizens in Ct,who are living on fixed incomes and are already being hurt by the increasing health care costs and absurd medication costs,in order to keep on living.

We have the 2nd highest tax system and Energy cost's in the country and yet that is still not enough and our Politicians and Dept of Public Utility's always want to tax and charge us more and more. But still have the money to grant Raises (MILLIONS) to the so called underpaid politicians in our state.

ENOUGH IS ENOUGH
