

As a concerned taxpayer of the State of Connecticut I must protest any attempt to remove funds from the Community Investment Act. Our State government may have not done a great job with the budget this year, but the value of the CIA to our state is too great to be laid waste in an effort to make up for past errors in judgement and addition. All of the funding that is funneled through CIA benefits and improves the value of our State and its citizenry. Robbing Peter to pay Paul is not the answer. I urge the legislature to make certain that in SB946, section 29, clause b be deleted. Every agency that benefits from the Community Investment Act desperately needs their funding. Please do not pillage this program.

Sincerely,

Jeremy Frost
