

Dear members of the Finance, Revenue and Bonding Committee:

I am writing to encourage you to continue to fund the Community Investment Act.

I am in Realtor in Norwalk, and I know how challenging it is for many sellers to pay the state conveyance tax. However, since it is collected, it most definitely should be funneled back through grants, services, jobs and programs that improve those communities.

It becomes more palatable to those paying these taxes when they can see the direct benefit to the community.

I feel this is vital for Connecticut communities to have these resources available to them in the form of the CIA.

Thank you for your hard work on this issue,

Wendye
