

Hear we go again, using taxpayers money to turn a profit for a ball game.
Didn't I help the gas company move and build Adrian's landing projects to get the Patriots into Hartford? Oh yeah that was for the collage games of which 12-18 games a year are played there.

Hey!!! I don't want it, I cant afford it and You shouldn't use taxpayer money to build it!!!!

I don't like baseball any how.
