

Legislators Bill 1132 is ridiculous, the stadium in New Britain is just fine for a minor league baseball team, they do not need to move. There is no way that moving this team to Hartford is going to generate a mass influx of revenue, did it in New Britain, again it is a minor league team (500 people per game is huge). Putting the burden on the Ct tax payers once again is just getting out of hand much like the Ct Fast Track debacle. Do not allow Ct tax dollars go toward this boondoggle, let the mayor of Hartford figure out this madness and scam on their own. I am sure the Malloy supremacy has been waiting in the wings to shove this one down our throats too.
