Testimony:

Let me first state that I think the trumped-up rationale for moving the Rock Cats to Hartford was a foolish and specious one. But, with the move already made, we were told that state taxpayers would NOT foot the bill for this specious move. Now, we understand that our dollars would be used to pay for the new Hartford stadium. I wish to state that I am wholly opposed to this needlessly foolish action and do NOT want my tax dollars used in support of the new stadium!! Please listen to all of us who just paid our taxes to the state of CT, hoping that they would be wisely used. This proposal to fund the stadium does not fit the category of "wise use" by any means. I oppose it!!!
