

To Whom It May Concern:

Isn't it **BAD ENOUGH** that Connecticut comes in virtually **LAST** in every poll that has recently been taken regarding its citizens tax burden and the economic health of Connecticut?? When is **ENOUGH ENOUGH??**

If you are a family or an individual and you are experiencing tight cash flow, you **STOP SPENDING**. It is as simple as that!

I am a real estate agent and I find there's not a lot to say about what's so good about Connecticut except for its position between NY and Boston, its seasons and its deciduous trees!!

PLEASE remember **WHY** the Whalers left CT!! They weren't making money and the State's population wasn't supporting the team, and it was a great team!

ACT RESPONSIBLY and **STOP** the **FLUFF SPENDING!!** You owe it to your constituents, the citizens of Connecticut!

Respectfully,

Martha Beale
