Testimony:

I am writing to oppose any bill which allows taxpayer money to be used for the Hartford baseball team. With the current status of our states budget I cannot fathom how anyone would think it was a good idea to use taxpayer dollars for this project. We have a huge deficit and are cutting spending on useful programs and its a slap in the face to hardworking taxpayers that this is even being considered. Not to mention Malloy promised no taxpayer money would be used.

Vote No to CT taxpayers footing any of the bill for Hartfords baseball project.
