

From: Roger Fish  
Town: Eastford

Testimony:

Dear Sirs,

I write to state my total opposition to State tax dollars being used to subsidize any part of the new baseball project now beginning in Hartford.

I believe that such subsidies are corporate welfare. State tax dollars should not be used to enrich businessmen. Sports team owners should have to pay their own way and if they cannot be run profitably then they go out of business.

Sincerely, Roger Fish  
Eastford, Ct
