Connecticut General Assembly
Government Administration and Elections Committee
Hartford, CT

Dear Government Administration and Elections Committee,

I want to recommend bill, H.B. 5174, which would designate four-o'clocks to be the official children's state flower. It would be a way to honor all children who have been victims of crime. It would be a tribute to their resilience and ability to grow and a reminder to all adults that our children are the most important resource.

Sincerely,
Peter Chase.
