The Cheshire Library in conjunction with Artsplace in Cheshire sponsored a Michaela's Garden art workshop on July 1, 2014. This project was coordinated with Joan Pilarczyk from Artsplace and Susan Hartley of the Cheshire Library to encourage children to enjoy art and science facts of the Four O'Clock Flower.

Ms Vicki Scott explained the scientific facts concerning the "Four O' Clock" flowers while Ms. Becky Rice taught a pastel class to a dozen students.

I would truly like to see the Michaela Garden Program grow throughout the state of Connecticut.

Please support the Bill 5174. Thank you.

Susan Hartley  
Former Head of Children's Services  
Cheshire Public Library
