Subject: HB 5174

Hello my name is a Terry Donahue, I am a surgeon at The a Hospital of Central Connecticut in New Britain. I wish to write to ask you to consider making Michaela Petit's 4 o'clock's Connecticut's Children's State Flower.. This is listed as proposal HB 5174 . Children need a voice in this state and I can think of no better representative than Michaela Petit and her beautiful flower.. It would be a symbol of beauty strength and love and a constant reminder of all that Michaela a Petit and The Petit Foundation stand for.. Please consider this proposal and make it happen. Thank you
