To Whom It May Concern . . . We (wife & self) are former residents of Milford, CT, but we continue to visit friends there, and, as dedicated (obsessed?) birders our visits always include bird-seeking excursions to Silver Sands, Milford Point, Stratford, Sherwood Is., Hammo, and other birding venues.

Plans to convert any part of Silver Sands to a parking lot are insane, immoral, and ignorant! Milford hasn't survived for nearly 400 years by being stupid . . . don't start now! To even consider damaging this green-acre treasure to provide more parking is an affront to its citizens and a call for them to vote out the rapacious rascals!

We remain incredulous . . . Charles F. & Carole A. West, Allendale, NJ
