Subject: Opposition to proposal in HB 6998

As a conservation voter, I oppose proposals in HB6998 to convey part of Silver Sands park to the Town of Milford (Section 3), and 100 acres of the Centennial Watershed Forest to the Town of Fairfield (Section 8). This is my testimony for the 3/16/15 hearing, which I'm not able to attend in person. These lands should be kept as open space and not given to municipalities as "windfalls" to use as they wish. The State is in a better position to protect this land for the public good.

Respectfully submitted,

Susan Barlow
