The only way to limit the massive influence outside money has over Congress and our political process is to **Amend the Constitution**. There are only two ways to amend the constitution: 1. Through Congress, and 2. Through our state legislatures via an **Article V Convention**.

*"Through their state Legislatures and without regard to the federal government, the people can demand a convention to propose amendments that can and will reverse any trends they see as fatal to true representative government." Dwight D. Eisenhower*

Let us overturn the Citizens United decision through an amendment to the Constitution of our great nation.

Sincerely,
