Dear Governor, Representatives, Senators, and specifically Representative Willis and Senator Chapin;

I live in Sharon, Ct and would like to voice my support for the 2015 CT Resolution # HJ 64. A link is referenced below.

I am saddened, like much of the country, with the poor legislation ability of our Federal Congress. The recent influx of money allowed by the Supreme Court is polarizing our Federal elected leaders and stifling their ability to protect the common people and legislate on their behalf. Instead powerful interests are being allowed to further themselves and the income inequality in this Country leaving the wide majority of Americans behind. Free and fair elections are critical to the success of our Nation. Article 5 of the constitution allows the States to take action when the Federal Congress falls into dysfunction.

Please review HJ 64 carefully and as someone you represent, I respectfully would like to see you support it.

Kind regards,

Gregory Arifian, PE
