

Mary Waitt

Feb. 10, 2015

195 Washington St.

Vernon, CT

860-872-9541

My name is Mary Waitt

I am here to ask that notification be given to all persons and companies that receive or provide services under the acquired brain injury waivers in a much more timely matter concerning any changes made to the brain injury waivers.

I have been to many of these hearings. In one of those hearings a representative said they wish they could have brain injury 101. However there was no time to provide sufficient information for such a complex issue as the vote had to be taken that day.

As a mother of a survivor and a provider of services under the waiver it takes more than a couple of days to juggle my schedule to attend one of these hearings. Notification for these hearings should be given far enough in advance to give people an opportunity to attend.
