Hartford, CT 06106

**RE: Bill H6847, an Act Enhancing Access to Behavioral Health Services and Services for Youths**

On behalf of the Connecticut Association for Behavior Analysis, the professional organization representing behavior analysts within the state of Connecticut, we are writing to support Bill H6847, an Act Enhancing Access to Behavioral Health Services and Services for Youths with Autism Spectrum Disorder. This bill will enhance service covered under commercial insurance for individuals with Autism Spectrum Disorder.

This bill increases the age of individuals covered under the insurance mandate, eliminates caps in coverage and recognizes the benefit of Applied Behavior Analytic services across the lifespan. We appreciate this effort to promote the provision of effective, evidence-based practices to a larger population of individuals with an Autism Spectrum Disorder.

Please do not hesitate to contact us with any questions you may have.

Sincerely,

*Solandy Forte*
